

CRUMMOCKWATER COTTAGES AT FOULSYKE

Foulsyke, Loweswater, Cockermouth CA13 0RS

Covid 19 - Arrivals and Departures

It is particularly important at these times to be aware of social distancing both with guests in other cottages and with myself.

When you arrive in the car park please leave plenty of space between cars, there is room for everyone. If other guests are unloading when you arrive then please stay in the car park until they are finished.

Normally I ask guests to call and say hello before taking them to their cottage but at present I would ask that you go straight to your cottage. Arrival time is between 4 pm and 6 pm. Please do not arrive before 4 o'clock and if you think you will be later than 6pm then I would be grateful if you would let me know. I will keep a look out for you and come and say hello at a safe distance.

Our new cleaning regime has been in place for a little while now and we are finding it is taking quite a bit longer. Our normal departure time has been 10 am but it would be very helpful if you could be out of your cottage and the car park by 9.30 am so that we can make an earlier start. Please be aware of other guests who may be trying to pack up at the same time as yourselves and give everyone plenty of space.

I should be grateful if you would let me know before you go if anyone has had any health issues of any kind during your stay.

All this sounds very formal and perhaps not very friendly but I want to make your stay as safe as possible and am required to have clear procedures in place.
